

Sheltering People From 1961 Until The Present

COLUMBIAEQUIPMENT.COM (516) 442-3340 info@columbiaequipment.com

First Columbia Equipment Bus shelter Installed 1961, Manhattan, NY

Columbia Equipment Company, Inc. is the nation's most experienced bus shelter manufacturer. We created the prefabricated aluminum shelter back in 1961! Columbia shelters are in use in thousands of locations – in all 50 states – including Alaska and Hawaii, and all around the world!

World Trade Center, NY 1975

Bronx, NY Circa 1980

RAILROAD STATION SHELTERS

Metro North Railroad, Bronx Botanical Garden, NY

Wyandanch Station LIRR, NY

Metro North Stamford Station, CT

Subway Canopy, 34th St, Penn Station Manhattan NY

Taxi Booth, Manhattan NY

Columbia Equipment offers a complete range of standard models as well as custom designs ranging from traditional to historic and post modern styles. Shelters can even be designed to blend with the area's surrounding architecture...

pre-fab does not mean generic!

The unique patented Columbia Construction System is designed to be vandal-resistant, weather proof, and meet or exceed all structural code requirements.

Shelters are fabricated in our factory and delivered to site in preglazed completed sections for ease of mobility and installation.

A SHELTER FOR EVERY STOP

Although used primarily at bus stops, Columbia shelters can be used as Information / Sales Kiosks, Ticket Booths, Entrance Canopies, Windbreak Vestibules and Smoking Shelters.
